Education

Graphic Era Hill University, CGPA　　　　　　　　　　　　　　　　**Sep 2023 – May 2026**
Bachelor of Computer Applications, 9.0 CGPA　　　　　　　　　　　　　*Bhimtal, Uttarakhand*

Skills

Languages: Python, Java, C++, JavaScript
Developer Tools and Platforms: Git, Linux, Visual Studio Code, Canva, MySQL
Technologies and Frameworks: MongoDB, Express.js, Node.js, Bootstrap
Soft Skills: Communication, Teamwork, Leadership

Projects

iLearnYoga | *MongoDB, Express.js, Node.js, JavaScript, React.js*　　　　　　**November 2024**

- Engineered a full-stack web application for over 500 yoga enthusiasts, enabling users to create accounts, book sessions, and track progress.
- Built RESTful APIs for user data management, session bookings, and progress tracking. Integrated user authentication and implemented personalized dashboards and notifications for a seamless user experience.

Spotify Clone | *HTML5, CSS3*　　　　　　　　　　　　　　　　　　　**November 2024**

- Crafted a responsive front-end for a Spotify clone using HTML5 and CSS3, replicating key UI components such as the navigation bar, album covers, and music controls.
- Strategized integration roadmap for essential backend features within a Spotify clone project using Node.js; established clear benchmarks that improved session handling speed by 40%, enhancing overall user experience..

Experience

Placement Coordinator　　　　　　　　　　　　　　　　　　　**October 2024 – Present**
Bhimtal

- Spearheaded initiatives to enhance recruitment preparations through targeted resource allocation, resulting in increased student engagement during workshops from an average of ten participants per session to thirty within three months.
- Oversaw and organized a repository containing over 110+ resumes, technical resources, and placement materials, streamlining student access and improving preparation efficiency by 30%.

Freelancer (Full-Stack Web Developer)　　　　　　　　　　　　　**June 2024 – Present**
Remote

- Implemented Agile development methodologies, reducing project delivery time by 25% and ensuring timely releases of key features and updates.
- Integrated third-party APIs and services, enhancing functionality, and streamlining operations for businesses, contributing to a 40% increase in customer engagement.

Relevant Coursework

Data Structures and Algorithms, Object-Oriented Programming, Operating Systems, Database Management Systems, Discrete Mathematics, Web Development, Digital Logic Design

Achievements

- **Secured 1st position** among **100+ participants** in C-Cipher competition organized by seniors.
- **LeetCode**: Solved 180+ problems, showcasing strong problem-solving skills and a solid grasp of algorithms and data structures.

Certifications

Full Stack Development	*Udemy* — 2024
Data Structures and Algorithms	*Apna College* — 2024
